302 W Boundary St, Savannah, GA 31401

EDUCATION

SAVANNAH COLLEGE OF ART & DESIGN

B.F.A. UX DESIGN

-2022

EXPERIENCES / MAIN PROJECTS

Sustainable dining app and foldable display menu board (ETICO)

UXDG 450, 2022

As a prototyping lead, I commercialized a foldable display menu board and sustainable dining services.

Cryptocurrency payment app (REVOPAY)

UXDG 330, 2021

As a prototyping lead, I led research, prototyping, and user testing to commercialize cryptocurrency payment concepts.

App that connects people who want to play outdoors (VICINITY)

INTERACTION 370, 2021

As an interaction lead, I led information architecture, wireframing and prototyping.

App that use curated music to improve users' concentration (TURF)

INTERACTION 326, 2021

As an interaction and research lead, I led information architecture, wireframing and prototyping.

Music interactive development project

INTERACTIVE DESIGN & GAME DEVELOPMENT 326, 2021

A processing program and the C++ language were used to create a scene in which a baby reacts to classical music prenatal education.

20,30s Smoking cessation app (GORBY)

INTERACTION 330, 2021

As an interactive lead, I was able to test the embedded programming code of the project and create the appropriate information architecture, wireframe and prototype.

Running App Stabilizing Pace (RUNCOVERY PRO)

INDIVIDUAL PROJECT, 2020

As a research/interactive lead, I studied the beat system of classical music that captivates runners' breathing and speed stabilization.
